**WRITTEN COMMENTS OF  
THE AMHERST ALLIANCE**

THE AMHERST ALLIANCE is a Net-based, nationwide citizens' advocacy group, founded in Amherst, Massachusetts on September 17, 1998. Our Members are current small broadcasters, aspiring small broadcasters and rank-and-file radio listeners. In numerous filings with the FCC, and related statements to Congress, we have actively advanced the goals of media diversity in general and Low Power Radio in particular.

THE AMHERST ALLIANCE has previously filed Written Comments in Docket 02-135, including submission into this Docket of various multi-party Petitions For Rulemaking which the Commission has yet to approve, deny or otherwise address.

At this time, we are filing again in order to endorse, and associate ourselves with, the December 17, 2002 Written Comments of NICKOLAUS E. LEGGETT of Virginia, WESLE ANNEMARIE DYMOKE of Rhode Island and KYLE DRAKE of Minnesota.

Respectfully submitted,

Don Schellhardt, Esquire
